Postal description KLP
2024-08-30

Survey: Short-term statistics, wages and salaries in private sector (KLP)

Specification for the file: format, semi-colon delimited (;) text file

Explanation of symbols:

S = Numbers (Positive integers, maximum 12 signs)

D = Numbers (Positive decimal or number 0,00, two decimals)

A = Date in following format in numbers: YYYYMMDD

B = Numbers, 1 or 2

P = Six numbers, year (four signs) followed by month (two signs, 01-12)

O = 10 numbers

F = Text

Instructions:

Read explanations for allowed signs for each variable.

The order of the variables in the text file is of no importance.

Only files of the format .txt is allowed.

An example of how the text file is supposed to look like I presented in the picture below.

Variable name in text file	Description	Format
Datum	Date for when the file was extracted from the system	A
System	System from where the file was extracted	F
Version	The provider's version of the system	F
OrgNummer	Organizational number of the company	O
UtbManad	Month from when the wages were paid out, eg 201901 = January 2019	P
ATFinns	Hourly paid manual workers exists, 1 = yes and 2 = no	B
AMFinns	Monthly paid manual workers exists, 1 = yes and 2 = no	B
TMTFinns	Non-manual workers exists, 1 = yes and 2 = no	B
AtUtbLon	Hourly paid manual workers: pay for hours worked	S
AtOvtTlg	Hourly paid manual workers: Of which overtime supplements	S
AtArbTim	Hourly paid manual workers: Number of hours worked	S
AtOvtTim	Hourly paid manual workers: Of which overtime hours worked	S
AtRetLonS	Hourly paid manual workers: Paid retroactive wages/salaries	S
AtRetLonF	Hourly paid manual workers: Retroactive wages from date	A
AtRetLonT	Hourly paid manual workers: Retroactive wages until date	A
AtTidpLon	Hourly paid manual workers: Supplements concerning previous periods	S
AtSjukLon	Hourly paid manual workers: Sick pay	S
AtAnt	Hourly paid manual workers: Number of employees	S
AmManLon	Monthly paid manual workers: Agreed monthly salary	S
AmAvtTim	Monthly paid manual workers: Agreed working hours	S
AmRorLon	Monthly paid manual workers: Variable supplements	S
AmOvtTlg	Monthly paid manual workers: Of which overtime supplements	S
AmArbTim	Monthly paid manual workers: Number of hours worked	S
AmOvtTim	Monthly paid manual workers: Of which Overtime hours worked	S
AmRetLonS	Monthly paid manual workers: Paid retroactive wages/salaries	S
AmRetLonF	Monthly paid manual workers: Retroactive wages from date	A
AmRetLonT	Monthly paid manual workers: Retroactive wages until date	A
AmTidpLon	Monthly paid manual workers: Supplements concerning previous periods	S
AmSjukLon	Monthly paid manual workers: Sick pay	S
AmAnt	Monthly paid manual workers: Number of employees	S
TmTrAntH	Non-manual workers: Number of full-time positions (two decimals)	D
TmTrManL	Non-manual workers: Agreed monthly salary	S

TmTAvtTi	Non-manual workers: Agreed working hours	S
TmTrRorL	Non-manual workers: Variable supplements	S
TmTOvTlg	Non-manual workers: Of which overtime supplements	S
TmTArbTi	Non-manual workers: Number of hours worked	S
TmTOvtTi	Non-manual workers: Of which Overtime hours worked	S
TmTRetLS	Non-manual workers: Paid retroactive wages/salaries	S
TmTRetLF	Non-manual workers: Retroactive wages from date	A
TmTRetLT	Non-manual workers: Retroactive wages until date	A
TmTTidpL	Non-manual workers: Supplements concerning previous periods	S
TmTSjukL	Non-manual workers: Sick pay	S
TmTAnt	Non-manual workers: Number of employees	S

An example of the text file

The delivery of information should always include the variable name followed by a semi-colon, which in turn is followed by the value of the variable, see below.
